

How to Submit a Claim for Dependent Care Accounts

We offer three easy ways for you to access your Dependent Care Account funds. **For fastest results, we encourage you to submit your claim with the CYC mobile app.**

For Dependent Care Accounts, you may only receive reimbursements for services already incurred. An expense is incurred when a service is received, not when a bill is paid. Even though your service provider may require payment at the beginning of the service period, you cannot request reimbursement until after the service is provided.

Mobile Claim Submission – Preferred Method

1. **Collect Documentation:** Collect an itemized statement from your dependent care provider containing the required information (Provider's Name, Dependent's Name, Service Period, Payment Amount and Care Being Provided). Or, ask your provider to complete the Provider Certification section on the Dependent Care Account Claim and Provider Documentation Form (included in this document). If your provider completes the Provider Certification, you do not have to submit additional documentation.
2. **Submit Claim and Documentation:** Log into the CYC mobile app, available for Android and iOS, with the same username and password as your online account, and follow the instructions to enter a claim and submit documentation by taking a picture or uploading a saved image.
